From
Sri K. Gopala Menon, B.A.,B.L.,
Commissioner,
Udipi Municipality, UDIPI.

To
The Secretary to Government,
Health, Education & L.A.Dept.,
Fort St. George, MADRAS.

Through:
The Chairman, Municipal Council, Udipi, and
The Director of Public Health, Madras-6.

Sir,

Sub:- FILARIASIS - Udipi Municipality - Checking the spread of deputation of team of the National Filariasis control organisation - requested.

Ref:- Municipal Council's Resolution No.39 dated 21-2-1955.

In submitting herewith a copy of Municipal Council's Resolution No. 39 dated 21-2-1955, I have to place before the Government the following facts for favour of kind and sympathetic consideration.

It is gathered from a report published in a Kannada daily that a field Unit of the National Filariasis Control Organization jointly constituted by the Government of India and the State Government, is proposed to be deputed shortly to Mangalore, Kasargod and Kozhikode to undertake comprehensive measures for the prevention of filariasi Udipi Municipality has also been declared as a Filaria infected area, and during the last few years the infection has been rapidly spreading to such an alarming extent, that effective preventive measures are quite essential and should be undertaken urgently in order to arrest the spread of the disease which is threatening to go beyond control. The Municipality has been carrying out control measure for the last 6 years. But these measures have been inadequate and not yielded any good results due mainly on account of the meagre finances of the Council.

I therefore request that the Government may be pleased to extend the field of operation of the antifilariasis team to this Municipality also so as to effectively check the filaria scourge in its initial controllable stage and mitigate the danger to public health.

K. Gopalamenon
Commissioner 25.2.55

MEMORANDUM No. 28988 H IV

Sub: Filaria - South Kanara Dist. - Udipi Municipality - Deputation of control unit.

Ref: From the Commr. Udipi Mpty. No. Dl.894-1/55 dated 24-2-55.
From the D.P.H.No.12463 M/55 dt. 12-3-55.

Madras State has been allotted one control unit and two survey units under the National Filaria Control Programme of the Govt. of India. The control unit which is intended to cover a population of three lakhs will in the first instance deal with Kozhikode and Mangalore Mpties and Kasargod Panchayat whose total population is about three lakhs . The two survey units beginning their work in Cuddalore and Chingleput will undertake surveys throughout the State. On the basis of the work which will be done by the ~~Central Unit~~ control unit and the survey units comprehensive measures for the control of filaria in the State ~~will be~~ may be formulated in the near future and implemented ~~included in the Second Five Year Plan~~. The Commr. Udipi Mpty. is informed that when this is done, Udipi Mpty. will receive its due measure of attention under the National Filaria Control Programme.
